- Story Summary & Key Characters
- Detailed Walkthrough

Chapter 1: Gotham City
- Chapter 2: Arkham Asylum
- Chapter 3: Metropolis
- Chapter 4: The Bat Family
- Chapter 5: Final Showdown

## Game Overview

**Lego Batman 2: DC Super Heroes** is the sequel to the original Lego Batman game, expanding the universe to include iconic DC characters such as Superman, Wonder Woman, The Flash, and the Joker. The game's core mechanic remains the same: you assemble a team of heroes and villains, each with unique abilities, and use them to solve puzzles, defeat enemies, and progress through a narrative that blends humor with action.

The PS Vita version brings all the classic Lego gameplay to a handheld format, allowing you to enjoy the full story wherever you go. Whether you're a casual fan or a hardcore Lego enthusiast, this walkthrough will help you navigate the game's 30+ chapters and 50+ bosses.

## System Requirements & Installation

### Minimum System Requirements

- PlayStation Vita console (any model)
- At least 1 /GB of free storage space
- Internet connection for digital download (optional if you have the physical cartridge)

### Installation Steps

1. Insert the Lego Batman 2 cartridge into your PS Vita or download the game from the PlayStation Store.
2. Follow the on screen prompts to install the game. The installer will automatically copy the necessary data to your console's internal memory.
3. Once installation is complete, launch the game from the home menu.
4. Make sure your PS Vita firmware is up to date to avoid any compatibility issues.

After installation, you'll be greeted by the iconic Lego Batman logo and a brief tutorial that covers basic controls. Keep reading to learn how to make the most of your PS Vita's dual touch screen and rear touchpad for a truly immersive experience.

## PS Vita Controls & Customization

The PS Vita's dual touch screen, rear touchpad, and standard button layout provide a versatile control scheme for Lego Batman 2. Below is a quick reference guide to the default controls, along with suggestions for customizing button assignments.

### Default Control Layout

| Action | Button |
|---|---|
| Move / Aim | Left analog stick or touchpad |
| Jump / Climb | Square |
| Attack / Use Ability | Triangle |
| Interact / Grab | Circle |
| Switch Characters | X |
| Pause / Menu | Triangle + Circle |
| Quick Select (Power Ups) | Touchpad |
| Camera Control | Right analog stick or touchpad |

### Customizing Controls

To tailor the experience to your play style, head to the PS Vita's **Settings !' Controllers !' Button Assignments** Here you can re map any button, assign macros for combo moves, or enable the **Rear Touchpad** for quick power up selection. Many players find that using the rear touchpad for "Power Up" selection speeds up combat and reduces the need to pause the game.

### Touch Controls

When playing on the front touch screen, you can swipe to move your character, tap to jump, and use the rear touchpad for quick power up selection. The dual touch feature allows for precise platforming, which is especially useful in tight corridors and vertical puzzles.

## Story Summary & Key Characters

The plot of **Lego Batman 2** follows the classic DC narrative: the Joker and his gang of henchmen attempt to steal the "Infinite Power" from the Justice League. Batman, alongside his allies, must prevent this from happening. The game is split into five major arcs, each featuring a different city and a set of unique villains.

### Key Characters

- Batman – The Dark Knight with grappling hook and Batarang.
- Superman – The Man of Steel with flight and heat vision.
- Wonder Woman – The Amazonian with her Lasso of Truth.
- The Flash – The Scarlet Speedster.
- Joker – The Clown Prince of Crime, the primary antagonist.
- Harley Quinn – Joker's sidekick.
- Catwoman – Batman's ally with stealth.
- Green Lantern – A member of the Justice League with power rings.
- Black Canary – Uses sonic wave attacks.
- Lex Luthor – The mastermind behind many of the game's puzzles.

Throughout the game, you will assemble teams of heroes and villains, each with distinct abilities that are essential

for solving puzzles and defeating enemies. The PS Vita's touch controls make switching between characters intuitive, allowing you to adapt quickly to new challenges.

## Detailed Walkthrough

### Chapter 1: Gotham City – The Beginning

In the opening chapter, you're introduced to the basic mechanics and the core narrative. The mission is to stop the Joker's first attempt to steal a piece of the Infinite Power.

1. Intro Cutscene: Watch the cinematic to understand the stakes.
2. First Level – Gotham Alley:

   Use Batman's grappling hook to swing across gaps.
3. Collect the Bat Signal power up to boost your health.
4. Defeat the Joker's henchmen by using Batman's Batarang.

- Switch to Catwoman for stealth. Use her stealth ability to avoid guards.
- Find the hidden Cat Claw power up to temporarily become invincible.

- Use Batman's Grapple to pull Joker off the platform.
- Switch to Superman to dodge Joker's rockets.
- Finish with a Superman Punch to defeat the Joker.

### Chapter 2: Arkham Asylum – The Dark Escape

Arkham Asylum presents a maze like environment with numerous puzzles that require the combined abilities of the heroes.

1. Maze Navigation:

   Use Wonder Woman's Lasso to pull down doors.
2. Use Green Lantern's Ring to create platforms.

- Locate the Green Lantern Power Up behind a locked door.
- Use the Power Up to create a temporary bridge.

- Harley uses her "Bombs" to block paths.
- Use Batman's Batarang to deflect bombs.
- Finish with Superman's Heat Vision to melt the barrier.

### Chapter 3: Metropolis – The Superman Saga

Metropolis is a sprawling cityscape that introduces the "Superman" section of the game. The level focuses on verticality and flight.

1. Flying Mechanics:

   Use Superman's Flight to reach high platforms.
2. Collect the Superman Shield power up to block laser attacks.

- Find the Flash's Speed Boost to accelerate through timed puzzles.
- Use the speed boost to cross the "Time Gate" before it closes.

- Lex Luthor uses a Laser Cannon that requires you to dodge.
- Use Wonder Woman's Lasso to pull Lex down into a trap.

- Finish with Superman Punch to defeat Lex.

### Chapter 4: The Bat  Family – Teamwork at Its Best

In this chapter, you'll play as a team of Batman's allies. Each character's unique skill set is essential for overcoming the level's obstacles.

1. Team Coordination:

   Use Black Canary's Sonic Wave to shatter glass obstacles.
2. Use Catwoman's Stealth to bypass security drones.
3. Use Batman's Grapple to pull the team across gaps.
