About Rachel Caine and the Morganville Vampires Series

Rachel Caine, a prolific writer known for her sharp dialogue and layered characters, launched the Morganville series in 2008. Though the author's background in folklore and folklore studies informs the narrative, she is also a self proclaimed "vampire enthusiast" who has spent years researching the mythos that underpins her stories. Caine's approach to vampirism is less about gothic horror and more about power dynamics, social hierarchy, and the everyday struggles of adolescence. The series is set in Morganville, a fictional Southern town that, while small, is a microcosm of the broader vampire world.
